

HOW DOES IP MICROMEDIA BENEFIT YOUR EVENT?

For around the same price as a regular photographer, IPMM will become your PRESS Photography partner to help you spread your message world wide. Hire us directly or for a reduced cost utilize our "Corporate Sponsorship Grant Program". This program allows your sponsors advertising opportunities with us.

- ★ Spread your message by archiving your event on our website for distribution to the world wide web. Gain memberships or raise more money for your organization and its cause.
- ★ IP MicroMedia (IPMM) benefits your sponsors/affiliates by exposing their commitment to your cause.
- ★ Raise the social capital of youth everywhere by allowing your attendees to create free professional Mentor profiles around your event.

IPMM also offers Video and Audio podcast capture/distribution. Your existing Audio/Video contractor may also supply IPMM content for distribution to the internet.
